STEP 1: SCHEDULE A LIVE PRODUCT DEMONSTRATION (REQUIRED)

- Learn from our expert team about
  - What it is
  - How it works
  - Why it matters in today’s growing solar + storage market

- Participate in a live demonstration of the Lumin Insights Portal
  - Dashboard
  - Consumption monitoring
  - Controls
    - Schedules
    - Off-grid mode

STEP 2: REGISTER @ OUR PARTNER PORTAL FOR SELF-SERVE RESOURCES (REQUIRED)

- Visit [www.luminsmart.com/partners](http://www.luminsmart.com/partners) and register an account
- Download installation manuals, installer check sheets, and account set up guides
- Review circuit selection process
- Watch videos for continued sales and installation support

STEP 3: SCHEDULE LUMIN VIRTUAL INSTALLATION TRAINING (REQUIRED)

- After procuring initial Lumin units, gather key team members for an interactive 30-minute installation training.
- With advanced notice, Lumin is available for on-site installation support and trainings.
